MEMORANDUM FOR: Project Security Officer

SUBJECT : Cover Arrangements for Office of Statistical Research

25X1A9a

REFERENCE : Memorandum [REDACTED] to Project Director dated 1 December 1955 (TS-142920)

I mentioned the above subject in a staff meeting last week but would like to be sure that you have reviewed or will review these arrangements. Since there will be a close and continuing connection between the so called Office of Statistical Research and AQUATONE, I think we should take any necessary steps to ensure that everyone who is knowledgeable of the new Office will not necessarily become knowledgeable of AQUATONE or have their curiosity unduly aroused. It is my suggestion that a cover story to be used with the large majority of individuals in the DDI side of the house should be reduced to writing so that all concerned can use it consistently. I also believe [REDACTED] should be briefed at some point as to the way we plan to handle this cover problem.

RICHARD M. BELL, JR.
